1D Super Flex arch.

Windowed param: f_x (filter

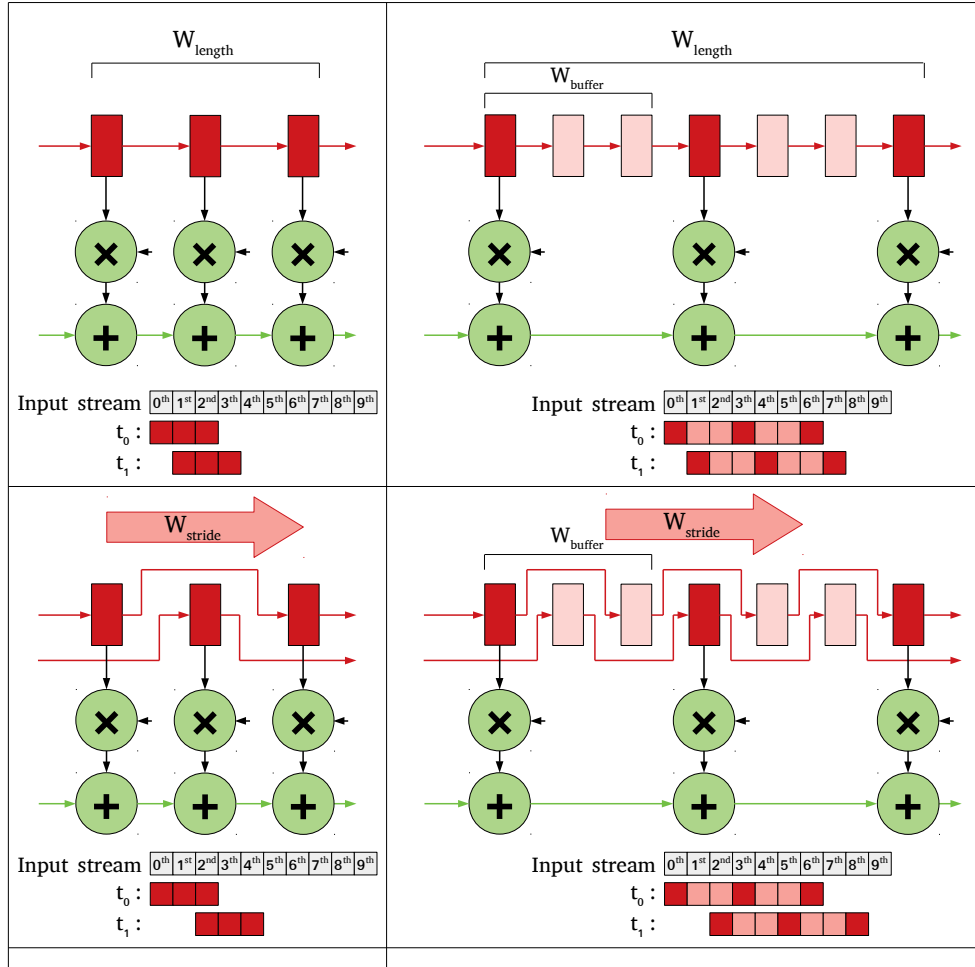

Iteration step may affects:

- 1- window size
- 2- speed of windowing
- 3- sample rate (dilated convolutions)

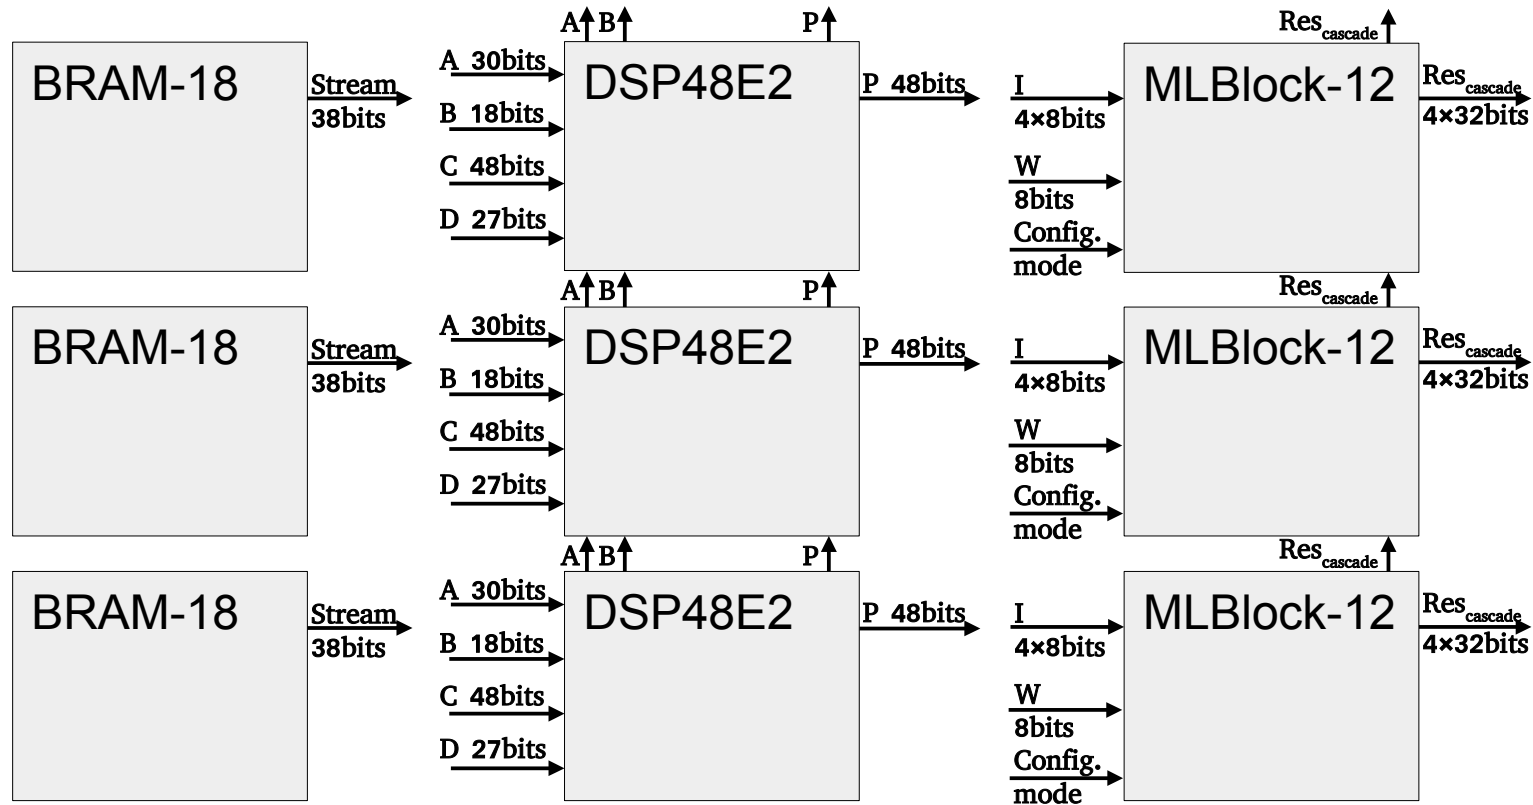

Accompany of Windowed param:
 x (input param)

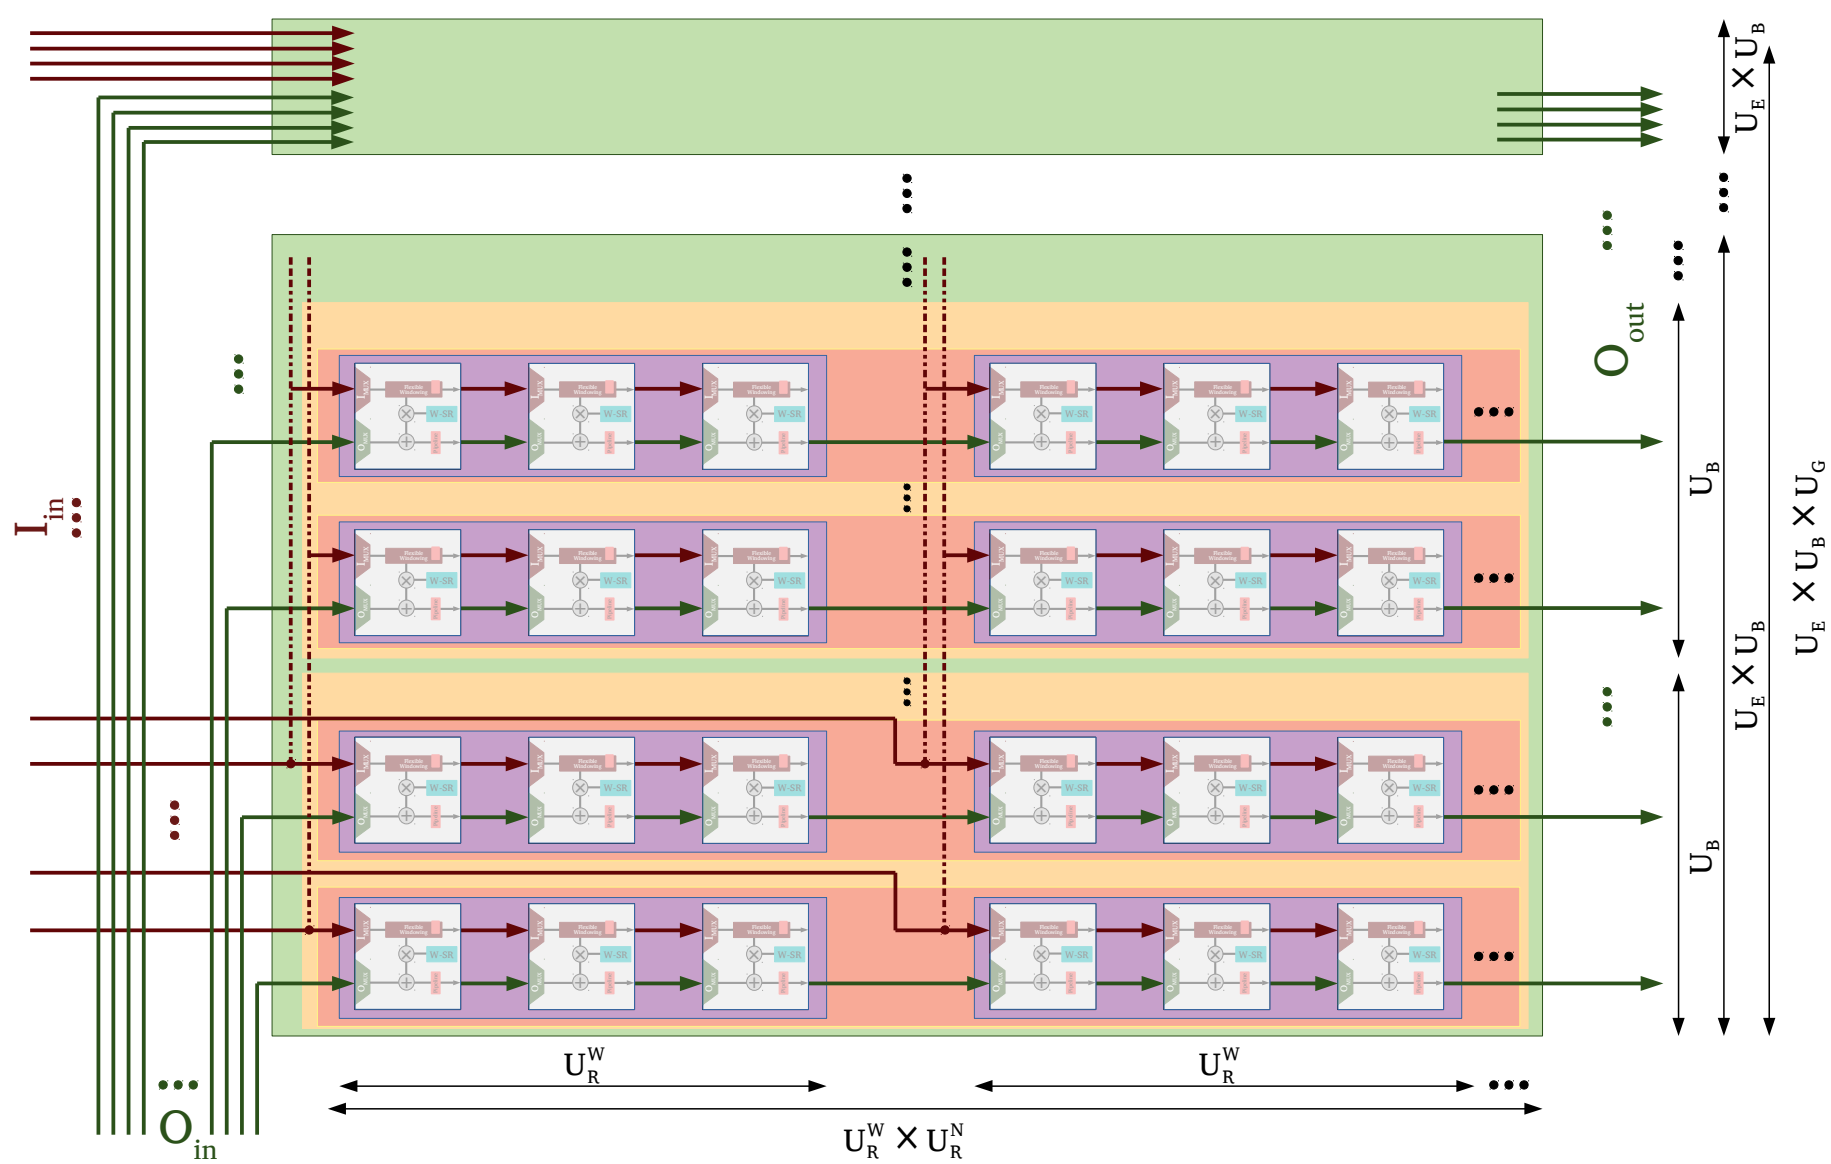

Both: X & f_x

W_{stride}

Windowed param: f_x (filter

Iteration step may affects:

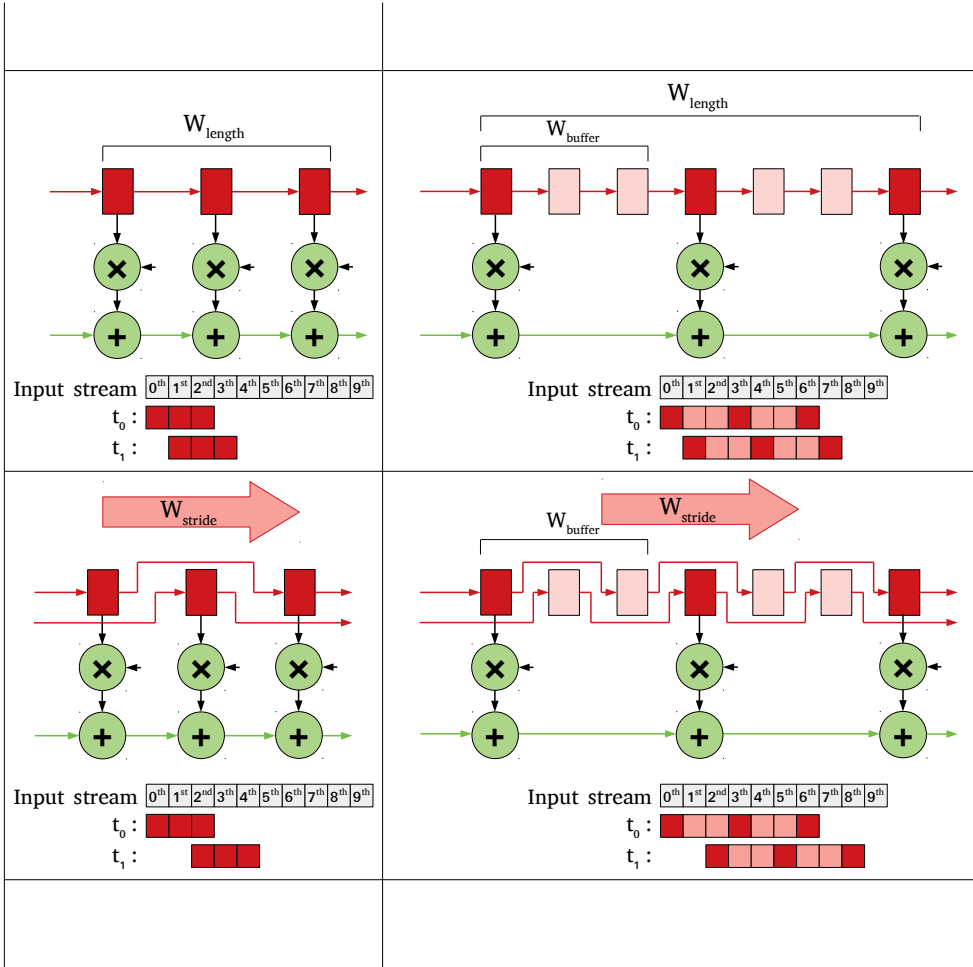

- 1- window size
- 2- speed of windowing
- 3- sample rate (dilated convolutions)

Accompany of Windowed param:

Both: X & f_x

W_{stride}

x (input param)
